ABOUT US

VIVRE et Grandir Autrement is a non-profit organization as well as a registered charity that dreams and dares social innovation to allow people with neurodevelopmental disorders to evolve at their own pace.

Our mission is to help them overcome their limitations and develop their autonomy in order to improve their quality of life, encourage their integration and social participation.

OUR GOAL?

Our goal is to create a highly specialized space, unifying and complementary to existing organizations and services in order to improve access and support for the autistic population. And this, by contributing to the optimization of care, the evolution of practices, and consultation of the network in the Montérégie-Ouest region.
